The Digital Stationery Consortium

We are an association of global industry partners leading the creation of new smart digital stationery solutions and adoption of digital ink, pen and paper.

DSC Goals

Build global and cross-industry
partnership network
as open innovation platform

Drive market awareness and
accelerate adoption of solutions

Identify market and user needs and
design innovative use cases

Define technology requirements for
building digital stationery

Establish digital ink as essential
technology for an open ecosystem

What We Do

- Network and engagement sessions
- Marketing and PR to promote solutions and technologies
- User needs analysis
- Innovative use cases and PoC (workgroups)
- Whitepapers
- Technology requirements for digital pen, paper and ink
- Joint development of an universal ink data format
